manifesto for
making a world to stay sky

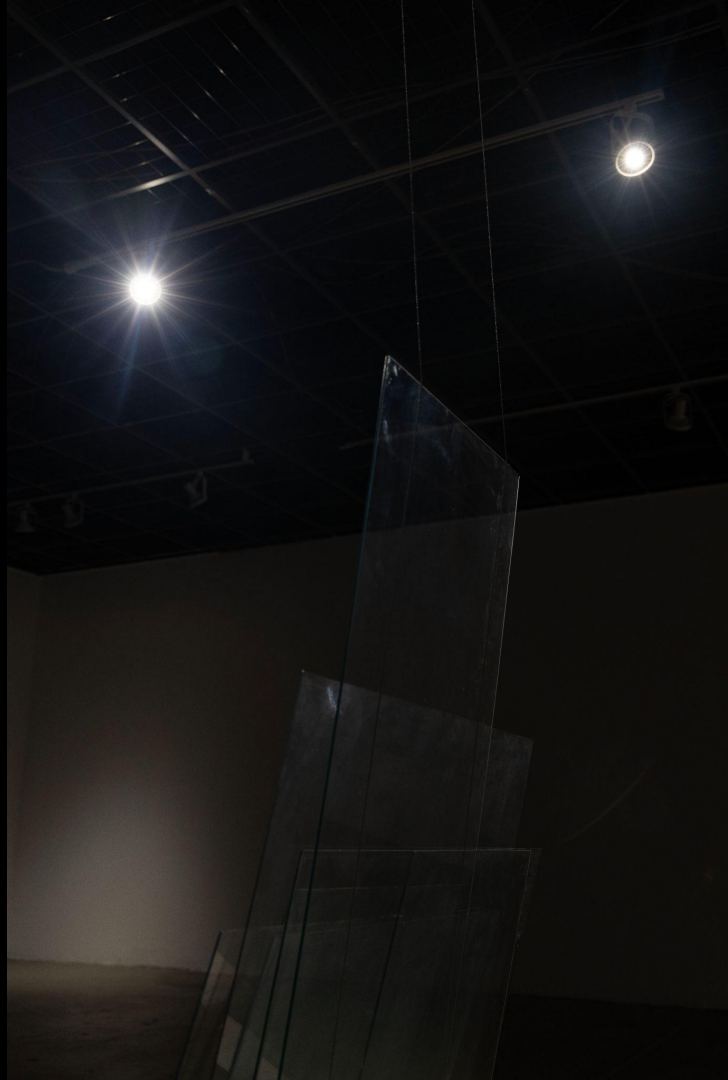

**moments for
making a move to big city**

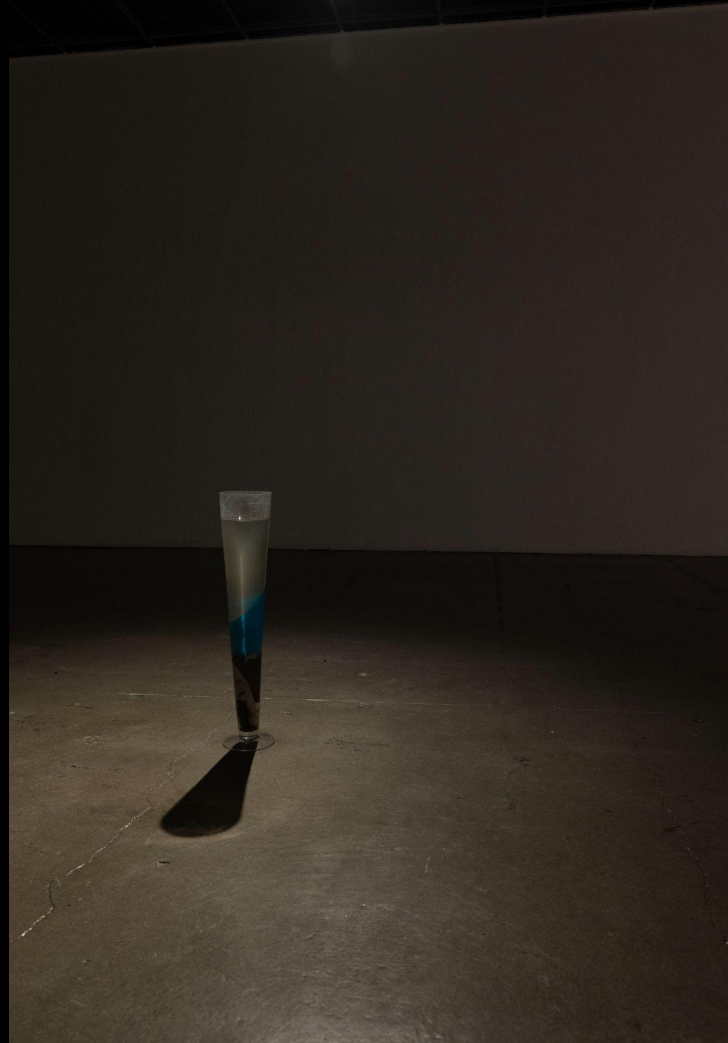

When you're young, you're always
in the back of your mind. I just
thought the person you were. I just
wasn't there. I was not. I was not. I was not.
I was not. I was not. I was not. I was not.
I was not. I was not. I was not. I was not.

The more you think about it, the more
you think about it. The more you think
about it, the more you think about it.
The more you think about it, the more
you think about it. The more you think
about it, the more you think about it.
The more you think about it, the more
you think about it. The more you think
about it, the more you think about it.

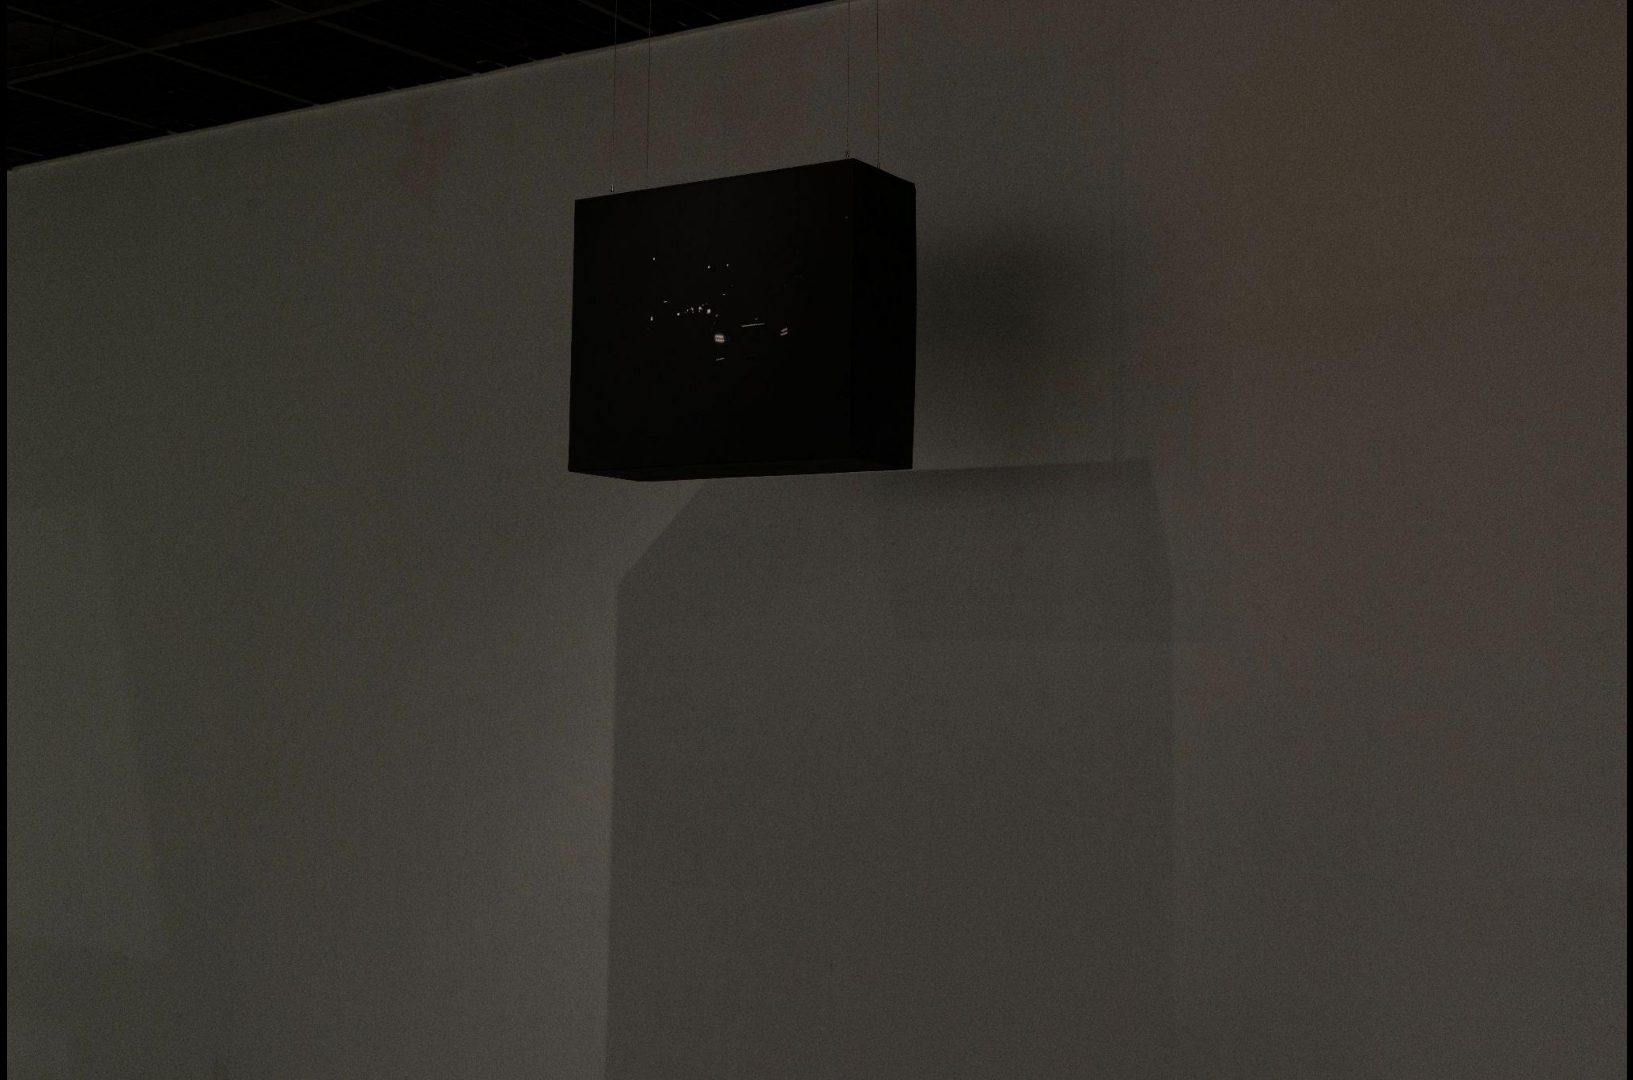

*Cole,
Journal Keeping*

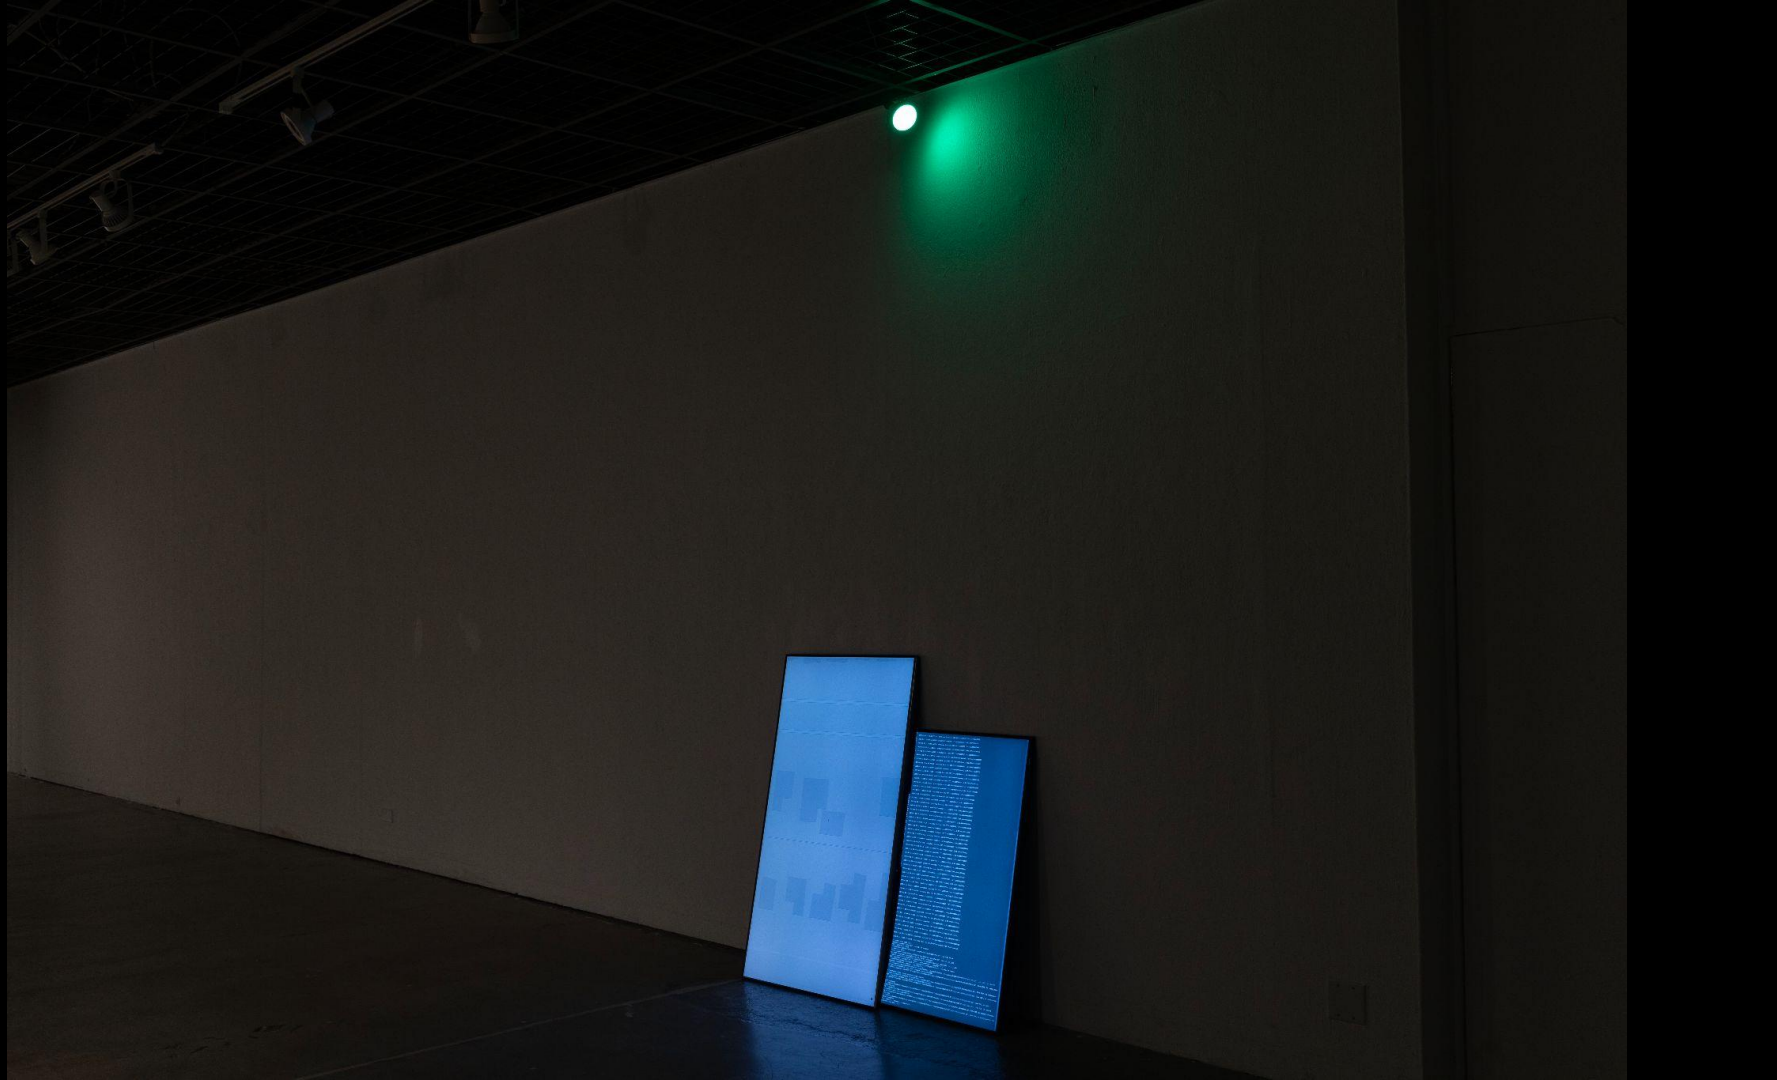

I thought
maybe the person you were.
I thought maybe the person you were.
I thought maybe the person you were.
I thought maybe the person you were.
I thought maybe the person you were.
I thought maybe the person you were.
I thought maybe the person you were.
I thought maybe the person you were.
